The City of Hazelwood

June 21, 2023

much more.  
than you imagine

Honorable Mayor and City Council Members,

I am pleased to present the 2024 Budget for the City of Hazelwood, which was adopted on June 21, 2023. The budget allocates funds to maintain the essential services that make Hazelwood a great city to live and work and continues to support the City's exceptional quality of life and business environment.

For Fiscal Year 2024, most typical city revenues are projected to decline. Were it not for unexpected assistance from the Federal Government in the form of the Coronavirus Aid, Relief, and Economic Security (CARES) Act funding FY2021 and the American Rescue Plan Act (ARPA) funding in FY2022 and FY2023, the General Fund would have had a deficit for FY2022 and a much smaller surplus for FY2023. Without these revenues, we are projecting a deficit for FY2024, but supported by a healthy fund balance accumulated over the last few years.

Just at the CARES Act funding assisted the City in 2021, as relief from the economic disruption caused by COVID-19, funding from the American Rescue Plan Act (ARPA) was of tremendous assistance for the 2022 and 2023 fiscal years. \$2,534,000 was allocated to the City for each of those years. These payments helped the City maintain its commitment to service to our community as well as contribute to the fund balance that we can work with in the coming years.

Throughout the last three years, City Hall has been working under various Stay-At-Home and limited staffing periods and has managed to achieve reasonable levels of City services. During FY2023, the City has been working to maintain a high level of services as well as reach a normal level of daily activities.

Property values in Hazelwood increased approximately 13% in 2022 even though this was not a reassessment year. This was due to the ending of the TIF property in the Park 370 area that was added to the tax rolls for the City. The final reassessed valuation for 2023, Post Board of Equalization, will be presented in September of 2023 and is expected to increase as this is a reassessment year.

Sales tax receipts are expected to generally decrease. Most sales tax categories are projected to decrease around 3%.

The ¼ cent Fire Sales tax, originally passed by the voters of Hazelwood in 2014, was increased in 2020 to ½ cent. Revenue is projected to remain at a constant \$1.85 million for FY2023 and FY2024.

A St. Louis County ½ cent public safety sales tax was passed in April 2017. We anticipate \$1,675,000 in revenue for FY2023 and FY2024. While not required by law, City staff is proposing that this revenue continue to be dedicated towards providing police services and, as a result, the Police Department budget is proposed to be staffed and maintained at the current budget levels.

Total general fund spending has generally increased for each of the last few years. The projection for FY2023 shows increases in most departments. Total expenditures, however, are expected to be a net \$790 thousand decrease from budget. This is primarily a result of a decrease in personnel costs, unfilled positions that were budgeted for FY2023, and legal fees that were budgeted but were not spent. Fire Department spending increased from budget by \$119,000. A grant from FEMA allowed the addition of 11 Firefighters which will be being paid entirely from the grant.

During the 2023 Budget planning process, Staff was also evaluating the pay for all City employees. A study of comparable municipalities and other governments was performed and recommendations for adjustments to appropriate levels. One goal was to maintain City pay grades at about the 50<sup>th</sup> percentile of comparable Cities. Another was to retain valued staff. The new pay plan went into effect in the FY2023 Budget with a total cost of \$1.6 million.

Factors considered for the FY2024 Budget include a \$1.6 million Flood buyout program, 75% of which will be reimbursed by FEMA and Missouri programs. The City Council approved the cash purchase of a Fire Truck for \$1.4 million. Other factors include a 10% increase in health insurance premium costs, 15% increases in workers compensation, and a 22% increase liability insurance.

The FY2024 General Fund budget results in a deficit of \$3,421,083 bringing the unencumbered fund balance to \$17,164,379. This is 47.72% of budgeted expenditures. The City's Fund Balance Policy is to retain an unassigned fund balance of not less than 17% of budgeted expenditures. As already mentioned, budgeted results for the General Fund do not include the approximately \$2.5 million in ARPA funding from each of the prior years. This fund balance will give the City time to plan for the future and work out an acceptable payment plan for the Robertson Fire Protection District. The City will be closely monitoring revenues and expenditures this next fiscal year to stay above 17%. The City will take steps to restore the deficiencies using the strategy outlined in the Fund Balance Policy and other steps to address the sources of any future deficit.

Budgeted expenditures for all funds are about \$10 million more than projected for fiscal year 2023. Expenditures have continuously grown more than revenues for the past few years.

## **Economic Outlook**

State and local governments everywhere are starting to see budgets grow at a moderate pace after several years of slow recovery. Long-term spending pressures still remain in areas including health care, education, pensions, and infrastructure. The overall economic forecast for Hazelwood remains difficult to project. Staff believes sales tax will remain flat and property taxes are expected to increase. Property taxes to the City are a much smaller share of revenue so the effect of any increase is less. General Fund revenue will decrease for FY2024 by around \$2.3 million. \$2.5 million of federal ARPA funding in FY2023 will no longer be with us however, we will still expect to receive \$1 million in SAFER grant for additional firefighters, and \$1.2 million from the FEMA Flood Buyout Program.

According to the Bureau of Labor Statistics, the national unemployment rate for February 2023 was down from 3.8% to 3.6%. The St. Louis Area's unemployment rate decreased from February 2022 at 3.7% to 2.9% in February 2023.

General Fund sales and use tax is projected to be approximately \$14.4 million in FY2024, which is about \$422 thousand less than anticipated for FY2023. Grant income will decrease by around \$1 million. Licensing fees are expected to decrease by around \$6,600 as FY2023 saw particularly good expansion and we expect FY2024 to return to normal levels.

In FY2019 the Economic Development Fund received \$2 million as a one-time refund of loans from past years which has carried over into the FY2024 Fund Balance. The One-Half Cent Economic Development Sales tax is expected to remain flat at around \$1.8 million. In FY2024 we expect to receive \$1.9 million in Federal Funds for the Phantom Road Project. Expenditure for the Phantom Road Project is expected to be \$8.2 million over FY2023 and FY2024. This project has been planned for several years. The expected net decrease in the Fund is about \$3.8 million in FY2023. The Fund is expected to decline \$3.4 million in FY2024 leaving a Fund Balance of \$2,061,873 at the end of FY2024.

The City of Hazelwood remains one of the most robust industrial and logistics locations in the greater St. Louis metropolitan region. We have been both aggressive and prudent in utilizing incentives for worthy projects. Like many communities in the region, Hazelwood has utilized Chapter 100 property tax abatement for a number of projects. The vast majority of those receiving this benefit use it for personal property tax abatement since many are leasing existing space and thus, real property tax would not be available to them.

What separates Hazelwood from many of the other communities is that we are one of just a handful that has the One-Half Cent Economic Development Sales tax for investment purposes. These funds are primarily used to provide a Forgivable Loan for qualified industries.

Aside from the incentives, industrial prospects are drawn to Hazelwood given its proximity along Interstates 270 and 70 along with Highway 370. Access to markets is a major advantage for the city. That is one of many reasons why global leaders like Boeing, Mallinckrodt, bioMerieux, Amazon, and Mitek have operations in Hazelwood.

Another advantage to Hazelwood is our growth along two separate corridors.

The Lindbergh Corridor is home to Hazelwood Logistics Center and Aviator Business Park, which are home to industry leaders like Stroco Manufacturing, Amazon, Bunzl, Quiet Logistics, Rivian, International Foods, and Silgan Plastics. These developments are also bordered by Interstate 270 and provides immediate access to both Interstate 70 and St. Louis Lambert International Airport.

In early 2023, the City of Hazelwood and Panattoni Development – the owner and developer of Aviator Business Park – celebrated the completion of Aviator. The 155 acre infill has constructed over 5 Million SF of high quality industrial and logistics space.

The Highway 370 Corridor is home to Park 370 and Hazelwood Trade Port and serves as home to major employers such as 8<sup>th</sup> Avenue Foods, Artur Express, PFI, American Metals Supply, Crown Packaging and Wayfair.

A new addition to our arsenal of viable industrial sites is the newly named Hazelwood Business Park. Formerly known as the St. Louis Mills Outlet Mall, Cleveland based ICP, LLC purchased the 1.3 Million SF facility in late 2022. Since that time, the company has undertaken significant interior renovations to the property that will make it a premier location for light manufacturing, warehousing and office tenants. Company officials are anticipating an announcement of the first round of tenants by the end of this year.

Hazelwood continues to successfully gain new investments from a variety of industries but two have demonstrated prominent impact on the region.

Marson Foods, a premier manufacturer of quality waffle products, will open their newest facility in Hazelwood Trade Port by the 3<sup>rd</sup> Quarter of this year. The company manufactures nationally recognized brands like Waffle Envy Artisan Belgian Liege Waffles and Wow Wow Classic Waffles. They also produce high quality healthy food products that meet school nutritional requirements. Marson will lease 147,000 SF in Hazelwood Trade Port while investing nearly \$35 million and creating 53 jobs with an annual average salary of \$112,400.

Pivot Bio, a global cutting-edge bio-technology leader, will soon complete their expansion into Hazelwood. The company has developed a safer more sustainable replacement for synthetic nitrogen fertilizer. The company's proprietary tech platform allows microbes to take nitrogen from the air and make it available for plants, replacing the need for synthetic nitrogen. While it can be used on a broad spectrum of plants, its primary focus is cereal crops – a discovery that has been chased by scientists for decades, and never available commercially until now.

Pivot Bio has leased space at 639 Lambert Pointe Drive to focus on R&D, product development and seed treatment. The location will house several company functions including a microbiology lab, light industrial manufacturing, agronomy training hub and show room. The company will invest nearly \$22 Million in the Hazelwood facility over a 5-year period.

### **Budget Assumptions & Key Decisions**

The 2024 Budget includes the following revenue assumptions:

- Decline in Sales Tax
  - 0% – “A” Sales Tax,
  - -2.8% – “B” Sales Tax and Public Safety Sales Tax
  - -2.7% – Park & Stormwater Sales Tax

- -6.62% – Use Tax
- Other Sales taxes
  - -0.2% – Economic Development Sales Tax
  - -2.0% – Capital Improvement Sales Tax
- 0.0% – Property Taxes
- -3.7% – Utility Franchise

The 2024 Budget also includes the following expenditure assumptions:

- A new pay plan was implemented for FY2023, the increase in pay cost is about \$1.6 million which will continue into FY 2024
- A 5% Cost of Living Adjustment (COLA) -- \$788,000
- A Step increase based on the current Pay Plan -- \$503,000
- Change in the Employee contribution to insurance premiums – City will contribute 75% to premium for dependent coverage – \$176,000
- Pension Contribution increased – \$145,000
- 10% Increase in Health Insurance \$190K – (14% in 2023)
- 10% Increase in Dental Insurance
- 5% Increase in Vision Insurance
- 15% Increase to Workmen’s Comp Rate – \$163K
- 22% Increase to General Liability Insurance

#### **Executive Summary**

**Combined General, Economic Development, and Capital Improvements Fund Revenue totals \$39.4 million dollars.** As shown in the following graph, sales tax is the primary revenue source at 46% of the total. Combined 2024 sales and use tax is projected at \$465 thousand (2.5%) less than 2023 estimate. Intergovernmental revenues follow at 17%, licenses & permits at 12%, and property tax at 12%. Intergovernmental Revenue is unusually high because of expected FEMA funds and grants for road construction in 2024.

**Combined General, Economic Development, and Capital Improvements Fund Expenditures** total \$46.68 million dollars. As shown in the following graph, Fire and Ambulance is the largest cost center at \$14,70,941 (30%) for the year. Fire protection is high because in addition to City Fire Protection, the City also pays the Robertson Fire Protection District and the Florissant Valley Fire Protection District for service in areas of the City within their boundaries. In addition to all of the regular expenses, the City Council authorized the purchase of a new fire Truck for \$1.4 million. Police follows at 21% with Infrastructure and Maintenance following at 12% each.

## Expenditures by Department for All Funds

The 2024 Budget allocates \$36 million for General Fund operations, which is \$10 million (26%) more than the 2023 estimate. \$8 million is provided for Economic Development, and \$4.7 million in projects and purchases is planned in the Capital Improvements Fund.

Economic Development expenditures increase \$2.5 million from the 2023 Estimate. The 2024 Budget appropriates \$8 million for Economic Development projects in the community, funded by \$1.8 million in sales tax revenue, grant proceeds of \$1.9 million and retained fund balance from the prior year. This will leave a fund balance of \$1.2 million, or 15% of expenditures.

Capital Improvements expenditures are 1.3% more than the 2023 estimate at \$4.7 million in 2024. This fund includes \$547,213 as a transfer from the General Fund for Cabela's Museum Bond payments. The cost of these projects is \$1.5 million more than projected revenue of \$3.2 million, decreasing the fund balance to \$114,345 or 2.5% of expenditures.

### Economic Condition and Outlook

Following is the economic conditions during budget preparation:

- Gas prices average \$3.596 nationally ([www.eia.gov/petroleum/gasdiesel/](http://www.eia.gov/petroleum/gasdiesel/)), increased from \$2.86 in FY2022.
- Midwest urban consumer price index (CPI) was 280.330 as of February 2023, an increase of 0.6% from last year.
- National unemployment dropped to 3.6% in February 2022; Local unemployment rate is 2.9%.

While all of the above factors determine the City of Hazelwood's revenues, slower economic growth in all of north St. Louis County and a reallocation of the sales tax pool

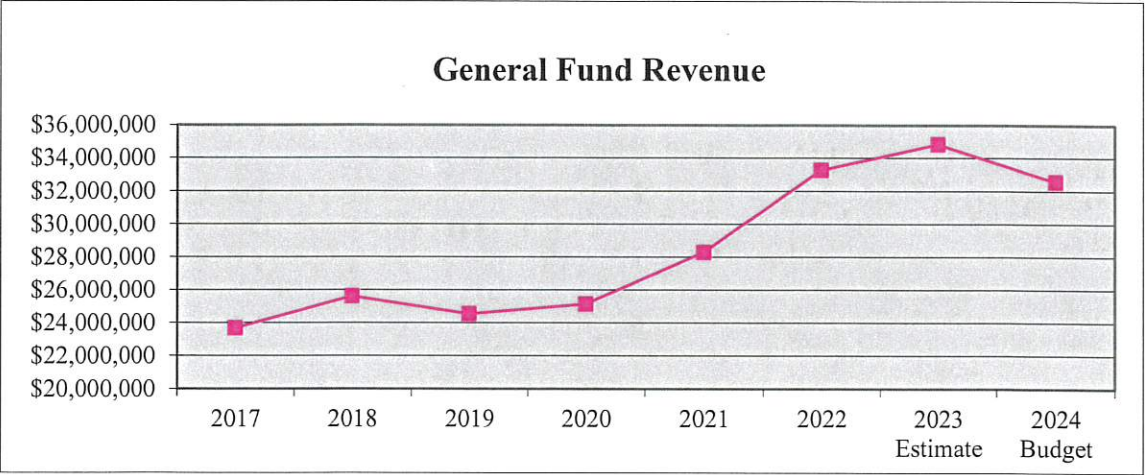

calculation by St. Louis County has led to a leveling in sales taxes. Development in the industrial areas however has led to increased Licensing and Permit revenues for FY2023 and subsequent leveling off in FY2024.

**Detailed General Fund Review**

**General Fund Revenue**

**General Fund revenue** projected for FY2024 in the amount of \$32.55 million is \$2.3 million (6.5%) less than what is estimated for FY2023. Estimated reductions in licenses and permits and intergovernmental revenue are the primary factors. 2023 is a reassessment year, but assessed valuations increased considerably in 2022 so we are projecting a relatively flat result. Sales tax is expected to decline by \$422 thousand.

#1) **Sales and use tax**, the City’s largest revenue source, is projected at \$14.4 million in the General Fund and \$18.1 million combining all funds city-wide.

#2) Property tax revenue is based on taxable property (excluding TIF’s) of \$648 million. This 2022 assessed valuation represents a 13% increase from the previous year. Residential

property increased 1.3% and commercial property has increased 25%. 2023 is a reassessment year but we have budgeted a less than 1% decrease for 2024.

#3) **Business licenses and permit revenue** of \$4.7 million is projected for FY2024, representing a decrease of \$661K (12.35%).

#4) **Fines and forfeitures** are projected at \$390K, which is a decrease of \$15K from the 2023 estimate.

#5) **Utility taxes** of \$2.6 million is a decrease of approximately \$100K. The City levies a 6% gross receipts tax on utilities of non-residential users.

#### **General Fund Services and expenditures**

The proposed **operating budget of \$36 million** represents a \$10 million (26.1%) increase from estimated 2023 spending. The 2024 budget funds the essential services that make Hazelwood a first-class community.

Because revenue is uncertain in this economy, we will be keeping a close watch on revenues and expenditures throughout the 2024 fiscal year and will make any necessary **spending adjustments** as needed.

#### **Cost of Fire District Services**

In the 2023 Budget, fees were projected to be \$5.9 million, \$4.5 million to the Robertson Fire Protection District (RFPD) contract budgeted in the Fire Department and \$1.4 million to the Florissant Valley Fire Protection District (FVFPD). The total share of the General Fund budget for Fire and Ambulance services to the residents is 39%, which is unsustainable. The City had made significant efforts to reach agreement with the Fire District to amend the contract and will continue to do so in 2024.

#### **Employee compensation**

The City is a service organization, and thereby personnel costs of \$21.5 million comprise 60% of the General Fund budget. A Pay Plan Adjustment was given November 1, 2015 (FY2016) for all employees; a 1% COLA was given in FY2017, and a Step increase was given in FY2018. For FY2019 a 1.75% cost of living adjustment was given for all City Staff and an additional 1.75% COLA for Police and Fire department personnel. A step increase was given for FY2020. For FY2021 the City is not budgeting any increase. For FY2022, a 2% COLA increase was budgeted. During the fiscal year, the Council voted to amend the FY2022 Budget and give a Step increase as well. The FY2023 Budget incorporates a new Pay Plan which will be carried into the FY 2024 Budget. For the 2024 Budget, the Council approved a 5% COLA and a Step increase.

#### **Personnel**

2024 staffing totals increase to 186 full-time equivalents (FTEs) for full-time positions. Part-time positions increase to 30.64 FTEs for a total Full Time Equivalency of 216.64.

A detail of changes is presented on the Personnel Schedule in the Summary Pages of the Budget.

### 2023 Estimate

The 2023 General Fund Estimate is expected to result in a surplus of \$5,125,458, which is an improvement over the \$26 thousand deficit that was originally anticipated. Revenues came in \$4.4 million more than anticipated and expenditures came in \$789 thousand less.

### Fund balance

The 2023 surplus brings the General Fund Balance for June 2023 to \$20.6 million as a starting point for fiscal 2024. The ending fund balance on June 30, 2024, with the projected \$3.4 million deficit is projected to be \$17.2 million, or 47.7% of expenditures, well above the recommended percentage the City can go according to the City Council's Fund Balance Policy. The fund balance will be monitored throughout the year.

## **Detailed Review - Other Funds**

### Economic Development Fund

**Economic Development funds in the amount of \$8 million** are allocated for projects and expenditures and will leave a fund balance of \$1.2 million (15.2% of expenditures) by the end of FY2024. The use of these funds is another sign of the economic improvement in Hazelwood. This activity is supported by \$1.8 million in sales tax and \$5.5 million in reserves. The unusually high fund balance available is due to the receipt of approximately \$4 million in FY2019 as a return of past economic development loans and \$2 million again in 2022.

Because these funds are legally restricted for economic development use, we try to utilize most of these funds to match federal grant programs to enhance infrastructure in our industrial areas, to market for continued growth of the city, and to attract and retain our economic base.

Approximately \$5.7 million, or 70.5%, of the budgeted spending is on maintaining our infrastructure to support economic development. \$1.5 million (18.5%) is for general economic development projects. Administration is at 11% of spending.

### Capital Improvement Fund

The sales tax from the **Capital Improvement Fund** may only be spent on capital improvements. Thereby, cutting back capital expenditures would only deprive the community of much-needed improvements.

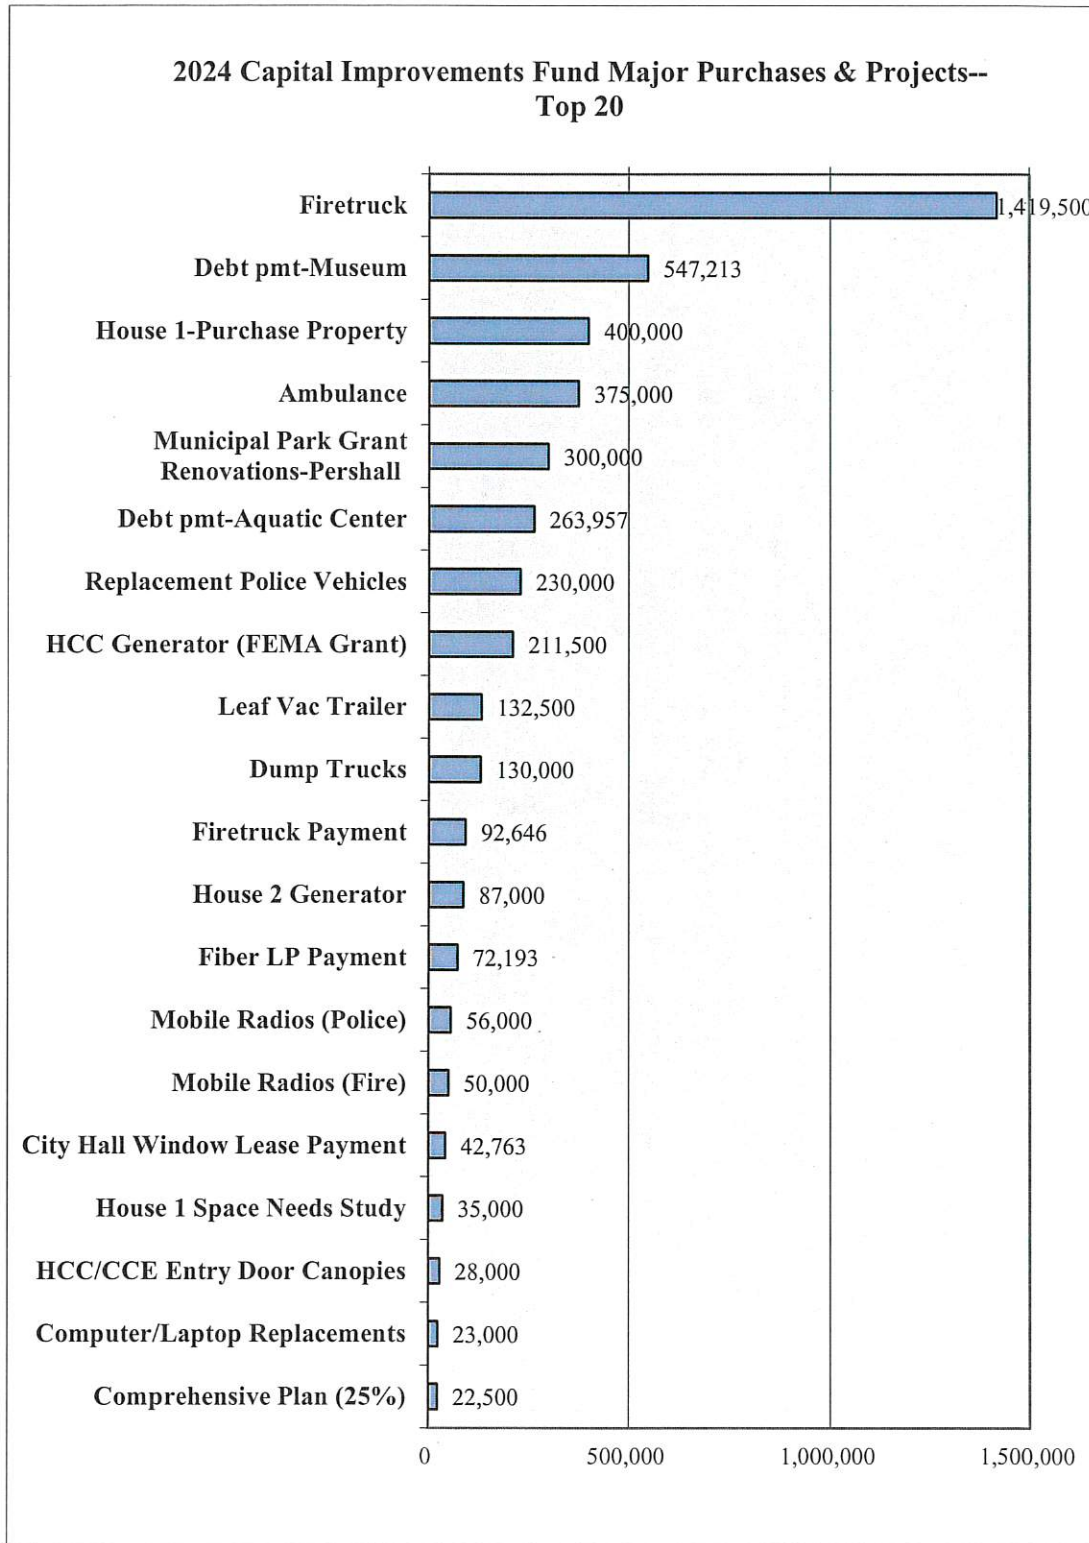

In 2024, purchases and projects in the amount of \$4.7 million are planned, utilizing \$547,213 in transfers from the General Fund, in addition to \$1,952,000 in sales tax.

The minimum cost for purchases for the capital fund is \$10,000. All smaller items will be expensed in the General Fund. Conditions do change from year to year, and sound management practices require that we identify and implement necessary changes.

Expenditures are expected to exceed Revenues by \$1.5 million decreasing the fund balance to \$114,345, 2.5% of expenditures. In other words, almost all of the available Capital Improvement sales taxes have been invested in community services. The chart below lists

the top 20 major purchases and projects. The Firetruck purchase is the single most significant for FY2024. It will actually be purchased through the General Fund, but we include it here anyway to show the full scale of acquisitions during the fiscal year.

**Sewer Lateral Fund**

Since its inception in 2001, we have incrementally reduced the **Sewer Lateral** assessment from \$28 per residential unit (buildings with 6 or fewer dwellings) to \$5 per unit. However, because the fund balance had been decreasing each year, nearing \$200K, the City Council has approved in 2019 increasing the assessment to \$20 per unit. The current spending for FY2024 is \$100,300 and fund balance is \$501K.

**Conclusion**

I am pleased to present the FY2024 Budget, which is a plan to continue first class community services.

As always, I want to extend my appreciation to the budget team for their work on this plan.

Respectfully Submitted,

A handwritten signature in cursive script, reading "David L. Tuberty".

David L. Tuberty, CPA  
Assistant City Manager-Finance

## City of Hazelwood Economic Development Fund

Fund #180

Goals and Objectives

### GENERAL

The economic development division of the city manager's department supervises the daily and long-term economic development activities of the City of Hazelwood.

### ANALYSIS

Economic Development is funded by 1/2% sales tax, effective July 1, 2007.

The budget provides a mechanism for planning economic development activities while allowing the flexibility to meet unplanned needs. This includes operations, management, project funding, infrastructure development, geographic information system operations (GIS) and coordination with other City of Hazelwood Departments and liaison with county, regional, state and federal agencies.

### GOALS & OBJECTIVES

In Fiscal Year 2024 the Economic Development Department will pursue the following goals:

Advertise the city as a business, industry and tourism destination

Participate in business and industry retention programs

Improve city corridors through enhancement

Provide creative local incentives to attract business and industry

Maintain information on commercial real estate in the city through an enhanced website

Provide an electronic interface for economic development applications through an enhanced website

Provide information to businesses and residents about the city's economy

Cooperate in local and regional economic development programs

Plan infrastructure improvements

Support development of industrial and office parks

## City of Hazelwood Economic Development Fund

**Fund #180**

**Fund Summary**

### **Description**

The cost of economic development plans, projects, and purchases are recorded in this fund.  
Expenditures are funded by 1/2 cent Economic Development Sales Tax.

# City of Hazelwood Capital Improvement Fund Budget Fund Summary

**Fund #200**

## Description

On April 2, 1996, the voters of the City of Hazelwood approved a one-half of one percent sales tax for the sole purpose of funding capital improvements, including the operation and maintenance of capital improvements, and may include the retirement of debt under previously authorized bonded indebtedness (67.700 RSMo).

The City of Hazelwood selected Option 2 distribution method whereby (94.890.4, RSMo, Supp. 1995) one hundred percent of the sum of all fund funds generated in Option #2 cities and fifteen percent of the funds generated by Option #1 cities is distributed to Option #2 cities based on the percentage ratio of the population of all Option #2 areas.

City policy requires that uses of Capital Improvement Sales Tax be to purchase or improve a significant as with a life that extends beyond one year. The funds may not be used for employee salaries or other general operating costs except in the case where in-house labor is used to construct or improve such a capital asset. Allowable expenditures generally cost in excess of \$10,000 and have value extending beyond one fiscal period. Routine replacement and maintenance items of significant cost and life beyond 5 years are also included. (Policy \$10,000 7/1/2012, \$20,000 7/1/2011, \$5,000 7/1/2005, \$20,000 prior)

# City of Hazelwood Capital Improvement Fund Budget

## Fund Summary

Fund #200

### Description

Major improvements, projects, and purchases are recorded in this fund. These items generally cost in excess of \$10,000 (eff. 7/1/2012, \$20,000 7/1/2011; \$5,000 7/1/2005) and have value extending beyond one fiscal period. Routine replacement and maintenance items of significant cost and life beyond 5 years are also included.

## City of Hazelwood Sewer Lateral

### Fund # 400

#### Description

Hazelwood's sewer lateral program was approved at the election of 4/3/2001, effective with the 2001 tax billing. A special assessment of \$28 per residential unit (buildings with 6 or fewer dwellings) was billed with property taxes. Effective July 1, 2006, the assessment was decreased from \$28 to \$18. 1% is paid to St. Louis Co. for collection. Effective July 1, 2006, the sewer lateral repair reimbursement rate was increased from 75% to 90% up to \$7500. Condominium buildings with greater than 6 dwellings per building and properties with a septic tank are not included in the program.

A decrease in assessment from \$18 to \$10 was adopted in 2009.

Further reduction from \$10 to \$5 was adopted in 2010.

The rate of assessment was returned to \$10 in 2017.

The rate of assessment was increased to \$20 in 2018.
